Dear Parents

I hope you are all well rested after the lovely half term break. It was fantastic to see the sunshine again and to see everyone out in their gardens enjoying the warm weather. The children have returned to school for a very busy final half term. I cannot believe it is the final half term of the school year- time certainly has flown! There are lots of activities planned in school over the coming weeks as we make further steps towards a normal school life.

This week, we have welcomed our new Reception parents to Britannia in our COVID safe welcome meetings. It was great to meet our new families (even if it was a little strange speaking to people in masks and socially distanced) and be able to show them around the school they have chosen for their child. Two of our Year 6 children spoke about their time at Britannia and they must be congratulated on their well-presented speeches. It most definitely made me feel proud of all they have achieved in their time with us. In creating the presentation for the welcome evening, I was able to look back at all the additional aspects of school life that have been placed on hold due to COVID and both myself and the staff very much hope for a full return to normal school life in September so that we can provide all the additional activities once again for the children.

Today, our Year 6 pupils and staff have embarked on their adventures to Robinwood and I am sure they will make some excellent memories over the weekend. Thank you to all the staff and parents for making this trip possible for the children. It is something that we fought hard to achieve for the children this year!

During the coming weeks, school will be a hive of activity and we will be hosting the life education van puberty talks on Monday 14<sup>th</sup> June with our Year 5 and 6 children. For any parents interested in finding out more details about the content of the discussions there will be a zoom meeting held at 1pm. Further details can be found below on page 3. We are also looking forward to health week in school and we will be running a variety of different events during this week including a year group sports day. Unfortunately, at the time of writing this newsletter, due to the rising cases in the area, parents will be unable to attend this year's sports day. We know this may be disappointing for you but rather than let the children miss out, we have agreed to hold this event during the school day in our current bubbles.

As always, I hope you have a restful weekend and I hope the sun shines for us all. I will see you all on Monday morning probably with very weary eyes from the weekend at Robinwood!

Kind Regards

Mrs Longstaff

## Stars of The Week

Reception - Amber and Rufus

Year 1 - Danika

Year 2 - Finn

Year 3 - Tilly

Year 4 - Ebony

# Learning at Britannia- Chat To Your Child

## Reception

Reception have been learning all about sequencing times during the day and some of us have been telling the time to o'clock!

## Year 1

Year 1 have been learning to tell the time. Can your child recognise half past and O'clock?

## Year 2

This week Year 2 have been developing their bike riding skills. They have all done an amazing job and it has been great to see children growing in confidence. This weekend, ask your child to show you all they can do.

## Year 3

Year 3 have been calculating perimeter of shapes and rectangles. Can you create a perimeter question for your child to solve? Can they explain the term perimeter?

## Year 4

Year 4 have started a new topic learning about rivers. Can you find the nearest river to your house and can they explain the term delta to you?

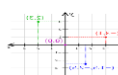

## Year 5

Year 5 have been looking at Greek mythology. Can they find out about a Greek myth to share with their class?

## Year 6B

This half term the children will be learning about the Mayan Civilisation. Can they find out an interesting fact to share with their teacher?

## Year 6H

Year 6H have been using coordinates. Can they create their own coordinate game to play at home?

## Health Week 2021!

We are taking part in Health Week from 21<sup>st</sup> June.

Health Week incorporates many aspects around being healthy, including looking after our emotional and mental health as well as our physical health and eating healthily. Health Week includes a variety of activities designed to encourage being physically active and promote well-being. We always aim to be really active here at Britannia but in Health Week it becomes main focus; all the children have the opportunity to take part in many additional activities which they thoroughly enjoy.

On Monday we have a very special guest! The Olympic athlete, Jenny Wallwork, is coming to school to take part in some activities with the children and to tell them all about the importance of being healthy.

On Thursday, KS2 children will be taking part in football developments with specialist coaches.

## Year 5 and 6 Puberty Talk- zoom code and parent info

**Topic: Year 5 and Year 6 Puberty Information Meeting**

**Time: Jun 14, 2021 01:00 PM London**
