Mobile devices

You can set up free parental controls and restrictions on most mobile devices, which can limit what your child can access.

iOS

Using Content & Privacy Restrictions in Screen Time, you can block or limit specific apps and features on your child's device. Find out more here: https://support.apple.com/en-gb/HT201304.

Apple have also created this support page for families: https://www.apple.com/uk/families/

Android

When you turn on parental controls, you can restrict what content can be downloaded or purchased from Google Play based on maturity level.

Find out more here: https://support.google.com/googleplay/answer/1075738?hl=en-GB

You can also set up Family Link, which lets you set digital ground rules as well as see where they are, set screen time limits and lock their device. You will need to download Family Link onto your own device first and then link your child's account to it.
